

# CITY OF LODI

## COUNCIL COMMUNICATION

**AGENDA TITLE:** Final Map and Improvement Agreement for Towne Ranch, Unit No. 1, Tract No. 2050

**MEETING DATE:** March 3, 1993

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council approve the final map for Towne Ranch, Unit No. 1, Tract No. 2050, direct the City Manager and City Clerk to execute the Improvement Agreement and map on behalf of the City and appropriate money from Development Impact Fees to cover credits for sanitary sewer and storm drain improvements in this subdivision.

**BACKGROUND INFORMATION:** Towne Ranch Associates, the developer of this subdivision, has furnished the City with the improvement plans, necessary agreements, guarantees, insurance certificates, and fees for the proposed subdivision.

The subdivision is located west of Lower Sacramento Road and north of the existing Park West subdivision, as shown on Exhibit A, and contains a total of fifty-four single-family residential lots and one lot (Lot 55) which is to be resubdivided at a later date.

It is necessary to appropriate \$770.88 for the oversize sanitary sewer main in Evergreen Drive and \$37,963.20 for storm drain system installed by the developer and given as credits on the billing schedule for this subdivision.

In addition, as a part of this project, the developer is providing a right-turn only median on Tejon Street on the west side of the intersection with Lower Sacramento Road. In order to prevent through traffic across Lower Sacramento Road on Tejon Street, the City will be constructing a similar median on the east side of the intersection.

For future reference, the developers of this subdivision have proposed a publicly-owned and maintained masonry fence along the east side of Lot 1 which fronts Lower Sacramento Road. They plan to continue this fence along future units to the north which will require reverse frontage fencing. The proposed design does not conform to the reverse frontage fence design previously approved by the Planning Commission and, therefore, must be taken back to the Planning Commission for approval. Once the Planning Commission has decided the design issue, the item will be brought back to the City Council for determination of ownership and maintenance responsibilities (public or private).

**FUNDING:** Developer and Development Impact Mitigation fees.

  
Jack L. Ronsko  
Public Works Director
